OBJECTIVE

I am a 3rd year Mechanical Engineering student, seeking an internship position starting May 2021, in which my solid experience, strong work ethics, excellent software skills and my willingness to learn will be of good interest to your company.

SKILLS AND COMPETENCIES

- Self-motivated, open-minded, and detail orientated with strong interpersonal, verbal, and written communication skills
- Motivated team role with strong work ethics to work with minimal supervision, under pressure and efficiently with others
- Willingness to learn and expand my skill-set by receiving feedback
- Ability to type at 100 W.P.M. without any mistakes
- Proficient with Microsoft Office, SolidWorks, Siemens NX and NX Nastran, AutoCAD, and Rhino 7 3D
- Competent in programming and coding in C++

WORK EXPERIENCE

- **Warehouse Worker - UAP Traction** May 2019 - August 2019
 - Picked / fulfilled truck parts for customers with the use of RF Scanners
 - Maintained a clean, organized work space in a fast-paced working environment
 - Communicated effectively with coworkers and supervisors around the warehouse
- **Stock Clerk - Highland Farms Grocery Store** July 2018 – August 2018
 - Organized shelves and stock skids while maintaining a clean working environment
 - Ensured that all products and items were stocked and organized efficiently
 - Communicated effectively with coworkers and customers as well
- **Server – Goldenview Restaurant, Mississauga, ON** Mar 2018 – July 2018
 - Greeted customers and seated them to the tables
 - Took and prepared food orders to clients while ensuring customer satisfaction and fast service
 - Maintained a clean and safe working environment

ACCOMPLISHMENTS

- Acknowledged as Stephen Murphy's President's Honours List at Ontario Tech University
- Demonstrated leadership skills as an Assistant Leader in Skills Ontario Summer Camp hosted at Mohawk College and completed the Health Childhood Development Course
- Completed Civil, Mechanical & Materials Engineering Stream of the 2016 Learning Enrichment Advancement Program at McMaster University
